Medicolegal

I completed Bond Solon Expert Witness training early in 2024 and accept approximately 20 cases per year. I can provide reports on Breach of Duty, Causation, Condition and Prognosis and deal with issues around Standard of Care.

Research

I am actively involved in research, being the principal investigator for 21 imaging trials. I am currently working on establishing a head and neck cancer imaging databank and research focused on grading of extranodal extension in HPV-positive head and neck squamous cell carcinoma.

I have authored over 440 publications and regularly speak at specialist conferences, nationally and internationally.
