PRINCIPAL CLINICAL ACTIVITIES

Histopathologist and cytopathologist practicing exclusively in gynaecological histopathology and cytopathology.

Within two years of appointment I introduced fine needle aspiration cytology for the diagnosis of palpable breast lesions which was adopted as the preferred diagnostic modality for breast lesions, and later thyroid, salivary gland, lymph node and other palpable subcutaneous masses.

I instituted weekly clinico-pathological conferences to review gynaecological oncology cases, and since 2001 I have provided the diagnostic service in this sub-speciality for the Sheffield Gynaecological Cancer Centre. Nominated specialist histopathologist in support of the successful bid by Sheffield to be recognised as a sub-speciality training centre in gynaecological oncology by The Royal College of Obstetricians and Gynaecologists.

Lead pathologist, Sheffield Gynaecological Cancer Centre 2001-16.

Director, South Yorkshire and Bassetlaw Cervical Cytology Service 2008-19.

Lead pathologist, Supraregional Gestational Trophoblastic Disease Centre, Royal Hallamshire and Weston Park Hospitals, Sheffield 2017-March 2019, Sept 2019-Oct 2020, and November 2022 – January 2024.

EDUCATIONAL ACTIVITIES

Director, North of England Pathology & Screening Education Centre (formerly East Pennine Cytology Training Centre and Sheffield Cytology Training Centre) 1990 - 2019

Examiner, Royal College of Pathologists and University of London. 1995 – 2019

Chairman of Panel of Examiners in Cytology, Royal College of Pathologists. 2002-06

Examiner, BSCC Certificate of Competence in Gynaecological Cytology

Hon Clinical Senior Lecturer in Pathology, University of Sheffield 1987 - 2019

Supervisor B. Med. Sci. and M.Sc. students, University of Sheffield and Sheffield Hallam University

Script writer and production co-ordinator 'An Introduction to Cervical Cytology', a video produced by Sheffield University Television Service for the BSCC. 1993

Script writer and medical adviser Remedica Medical Education and Publishing. CD-ROM 'Animated Medicine: Cervical Cancer' 2007 -10

Founder "Old Bristolians" Histopathology Slide Club. 1988

Medical School Board, University of Sheffield. 1995-2001

Medical School Policy Committee, University of Sheffield. 1997-98

Numerous invited lectures and workshops: RCPA Annual Postgraduate Tutorial, University of Queensland; Australian Society of Cytology, Queensland and New South Wales Branches; New Zealand Society of Cytology; Cervical Screening Programme, Singapore; Hong Kong Pathology Society; Istituto Superiore di Sanita, Rome; Bahrain Association of Pathologists; Medical Solutions plc, Dubai; Indian Association of Pathologists; Indian Academy of Cytologists; Slovenian Society of Pathology; European Society of Pathology; BD Diagnostics Europe and Asia-Pacific; International Academy of Pathology; International Academy of Cytology; International Federation for Cervical Pathology & Colposcopy; RCPATH; BAC; BSCC; BS CCP; British Association of Gynaecological Pathologists; National Association of Cytologists; RCOG; U.K. regional cytology societies; hospitals and Health Authorities.

Chair, Local Organising Committee, 17th International Congress of Cytology, Edinburgh 2010

Co-chair, Scientific Programme Committee, 17th International Congress of Cytology, Edinburgh 2010

Chair, Future Congress Site Selection Committee, International Academy of Cytology 2010 - 2022

Editorial Management Board, *Cytopathology*. 2008 -11
Associate Editor, *Cytopathology* 2014 -17

Editorial Board, *Acta Cytologica*. 2013 to date

Technical Editor, *Histopathology*. 2019 - 20

Peer reviewer for *Cytopathology*, *Histopathology*, *Lancet*, *Acta Cytologica*, *British Journal of Obstetrics and Gynaecology*, *Journal of Infection*, *Postgraduate Medical Journal*, *European Journal of Cancer*, *Journal of Clinical Pathology*, *Reproductive Medicine* and *European Journal of Obstetrics and Gynaecology and Reproductive Biology*

PRINCIPAL RESEARCH ACTIVITIES

Exclusive pathological input to studies of anal intraepithelial neoplasia and multifocal anogenital neoplasia.

Audit of histo/cytopathology laboratory practice and methodology i.e., cytological-histological correlation in cervical screening, specimen fixation, specimen cut-up, mitotic figure counting, tumour typing and grading, applicability of terminology in cervical smear reporting, etc.

Prognostic factors in cervical and ovarian carcinoma.

The pathology of failed laser ablation and transcervical resection of the endometrium.

Human papillomavirus and other molecular marker testing in cervical screening.

Automation in cervical screening.

Pathological input to studies of abnormal placental implantation (placenta creta, 'morbidity adherent placenta' etc)
