Roy Castle Building

200 London Road

Liverpool, L3 9TA

Clinical Appointment:

Honorary Consultant in Oral & Maxillofacial / Head and Neck Surgery

Aintree University Hospitals NHS Foundation Trust

Lower lane, Fazakerly, Liverpool. L9 7AL

Curriculum Vitae Summary:

I am trained in dentistry and medicine, qualifying with BDS(Credit) and MBChB(Hons) at the universities of Bristol and Glasgow, in 1990 and 1998 respectively. My postgraduate training in dental specialties lead to fellowship of the Royal College of surgeons (FDSRCSEng) in 1993; and in general surgery to fellowship of the Royal College of Physicians and Surgeons of Glasgow (FRCS RCPSGlasg) in 2000.

Subsequently I undertook higher specialist training in oral & maxillofacial surgery in Merseyside 2001-2005 (FRCS(OMFS) 2005), and a fellowship in head & neck oncological surgery in 2006. During this time I also completed an MD thesis in head & neck oncology as a research fellow of the Royal College of Surgeons of England. I have undertaken visiting fellowships in head & neck surgery to Memorial Sloan Kettering, New York in 2003 & to MD Anderson Cancer Centre, Texas in 2005.

In 2007 I was appointed as an Honorary Consultant in OMFS at Aintree University Hospital NHS Foundation Trust, and jointly to the University of Liverpool as a Senior Lecturer. In 2012 I was appointed Professor of Head & Neck Surgery. My clinical practice and research is limited to premalignant and malignant lesions of the oral & maxillofacial region, and surgical ablation and reconstruction for these diseases. The unit I work in has a very high volume of head & neck oncology. I contribute nationally in research, lectures and teaching for various aspects of head & neck oncology and surgery. I have undertaken recent invited professorships to the head & neck departments at MD Anderson, Texas; AC Camargo, Sao Paulo; University of Helsinki, Finland; McGill University, Montreal.

Publications

I have around 130 publications on many aspects of the management of head and neck cancer, surgery, reconstruction and premalignant oral lesions.

Membership of Professional Bodies

Fellow of the Royal College of Surgeons of England - 9013157

Fellow of the Royal College of Physicians and Surgeons of Glasgow - 11444

Membership of Professional Associations:

Medicolegal expert witness work

I have been engaged in providing medicolegal reports since 2011. My field of practice in this regard is limited to malignancies of the oral and maxillofacial region, oral premalignancy and reconstruction. I have provided opinions in around 25 cases, with the majority of reports for opinion on breach of duty, causation, condition and prognosis on behalf of claimants.
