

Dr Shereen Rafee MB BCh BAO, BA, MRCP (UK)

Consultant oncologist with specialist experience in thoracic and renal malignancies. Experienced primary investigator in phase I and II clinical trials, and sub-investigator in phase I, II and III trials. Completed an MD Degree based on the clinical, pathological and genomic characterisation of resected lung tumours, with the aim to identify potential targetable mutations and aberrations. Maintains a particular passion in global cancer care and cancer disparity, with a focus on lower-income countries and models of healthcare provision and delivery.

Present Appointment

Consultant Medical Oncologist – Thoracic Malignancies
University Hospital Sussex NHS Foundation

Cancer Specialty Lead – South East Regional Research Delivery Network

Medico-Legal Experience

Bond Solon Expert Witness completed early 2026. Dr Rafee accepts approximately 20 cases per year. Dr Rafee can provide reports on Breach of Duty, Causation, Condition and Prognosis and deal with issues around Standard of Care.
